Community Survey for Cressona Pool Study

The Borough of Cressona invites community members to participate in a survey to provide feedback on a Cressona Pool Study currently underway. Community members are encouraged to take the survey prior to **Sunday, October 4, 2026** using this URL link - <https://www.surveymonkey.com/r/CressonaPAPool> or this QR Code

The pool study builds on recent discussions and community comments regarding the future of the Cressona Pool. The study will help guide future investments that support community quality of life and economic vitality.

Community members are also encouraged to attend the Open House scheduled for Tuesday, October 6, 2026, from 6:30 p.m. – 8:00 p.m. being held at *Good Will Hose Co. of Cressona*, to learn about the study process, ask questions, and share feedback on a potential new or renovated Cressona Pool. Project consultant CHA will use the information gathered to help determine community priorities and inform recommendations for potential future pool plans.

Residents who are interested in the future of a new or renovated pool in Cressona are encouraged to attend and participate in the discussion.
